

Dahir Abdirashid

London, UK | Dahir_A@hotmail.com | GitHub: github.com/rashlid | Portfolio: rashlid.github.io/Portfolio

Profile

Junior Software Developer with hands-on experience building responsive, user-focused web applications using JavaScript, HTML, CSS, and APIs. Transitioning from a career in clinical pharmacy, bringing a track record of precision, problem-solving, and process optimisation into technology. Experienced in collaborative coding, debugging, and delivering practical digital solutions. Actively expanding a GitHub portfolio and eager to contribute to an innovative development team.

Technical Skills

Languages & Frameworks: JavaScript (ES6+), HTML5, CSS3

Tools & Platforms: Git, GitHub, GitHub Pages, VS Code, NPM

Concepts: Responsive UI, DOM manipulation, REST APIs, Accessibility, Testing fundamentals

Other: Agile mindset, Communication, Problem-solving, Cybersecurity basics

Projects

Portfolio Website – rashlid.github.io/Portfolio

Built a clean, responsive developer portfolio using HTML, CSS, and JavaScript. Implemented SEO and accessibility principles for optimised user experience.

To-Do List App – GitHub

Developed CRUD functionality for tasks with localStorage integration. Focused on modular code and simple, intuitive design.

Weather App – GitHub

Integrated OpenWeather API to fetch and display live weather data. Applied error handling and responsive UI design for mobile and desktop users.

Fitness Tracker App – GitHub

Logged workouts and tracked progress using localStorage. Designed a flexible grid/flexbox layout with user-friendly navigation.

Experience

Junior Software Developer (Trainee) – TSN Academy, London

Jan 2021 – May 2023

Supported development of internal web applications using JavaScript, HTML, CSS. Collaborated with senior developers on bug-fixing, testing, and documenting changes. Improved UI responsiveness and accessibility across small-scale projects. Used GitHub for version control and collaborative workflows.

Clinical Pharmacist – Circle Health Group, London

2019 – Present

Implemented digital dashboards and medication-tracking solutions to streamline workflows. Applied process optimisation and analytical skills, ensuring accuracy under pressure. Developed transferable strengths in problem-solving, teamwork, and stakeholder communication.

Education

University of Brighton – MPharm (2019–2022)

Greenford High School Sixth Form – A-Levels: Chemistry, Biology, Mathematics (2014–2016)

Villiers High School – 13 GCSEs incl. A*/A in Mathematics, English, and Science (2014)

Certifications

CompTIA Security+ (2025)

Fortinet Certified Fundamentals in Cybersecurity (2024)

Volunteer Experience

IT Support Volunteer – 2023

Assisted small businesses with basic cybersecurity set-ups, including firewall configuration and endpoint security.
